Out of School Hours Learning (Ooshl) and Enrichment Activities

Dear Parent/Guardian,

The aim of this booklet is to inform you about the various activities offered by the staff at the school so that you can encourage your son/daughter to make choices about how they could extend their learning.

What is Ooshl?

Ooshl refers to all supervised learning activities which take place outside of the School's compulsory learning hours.

Why Ooshl?

The Staff at the school believe that Out of Hours School learning provides young people with supplementary and additional learning experiences, which enrich knowledge, improve skills and build self esteem.

We also believe that these kinds of activities encourage young people to make their own choices about learning and that this will foster, in them, the belief that learning is an activity for life, not just for the few years spent at school

Ooshl Activities currently offered by the School.
